## WHO WE ARE

Our mission is a life of success and excellence, both personally and professionally. Bennett Thrasher was founded on these guiding principals: family being the primary institution of society, and existing to serve our clients with the highest level of skill and commitment.

We also measure our success in how we contribute to others. Through the Bennett Thrasher Foundation we are fully committed to sharing time and resources with our community.

## OUR COMMITMENT TO CLIENTS

Our service strategy is simple: we blend the brilliance and dedication of our people with a strong commitment to serve our clients. Our associates learn from some of the most deeply experienced professionals who truly welcome them onto their service teams.

Our commitment to learning is further expressed in terms of our time spent developing and training our people. We commit 80 hours a year of continuing education to each associate, which is twice the required hours for Certified Public Accountants. We also offer a vibrant mentoring program where all our professionals partner with a more experienced associate to explore other avenues of learning.

Bennett Thrasher has embraced the art of collaboration and collegial thinking. We hold monthly firm-wide meetings with client highlights and department updates. We give associates the opportunity to serve a variety of clients in multiple industries exposing them to a wide range of skills and topics.

## HOW WE SERVE PEOPLE

It is our desire for associates to take ownership in the firm and to be involved in the opportunities available through firm-wide committees. These committees – The Associate Council, Bennett Thrasher Foundation, and Benefits Committee – make recommendations directly to the firm’s Board of Directors. We strive to open doors and provide opportunities for associates to share ideas. Any associate with an idea need only talk to a shareholder. We understand that getting together is a prerequisite to Better Together.

As important as career is, family and friends are just as important. Bennett Thrasher offers four weeks vacation plus generous paid holidays. Through tennis and softball leagues, annual family events, and other social activities, we take time to have fun and get to know each other better. Associates become friends and your extended family, both in and out of the office.

In giving back to the community we devote considerable time and resources through the Bennett Thrasher Foundation. The Bennett Thrasher Foundation is directed by an all associate board that implements the mission of assisting charitable organizations in the Greater Atlanta Metropolitan area. Our contributions are a blend of our time and monetary grants funded from the firm’s top line revenues.

## CONTINUING TO GROW

Bennett Thrasher has been among the top three fastest growing accounting firms in Atlanta for the past five years. We plan to continue our strong growth and provide advancement opportunities at all levels.

We define success by meaningful work, time for friends and family, and a commitment to serve. If you desire a career with a firm that strives to develop your full professional potential through continuing education and working side-by-side with deeply experienced professionals, we want you to become part of our team.

Experience **Better Together**.
